Want To Do Your

Then, Buy War Savi

Boil it all down, put it in a nutshell, say it in a couple of words . . . **MEN and MONEY will win the war!**

Men to fight—and Money to arm, equip, train, house, feed and move them.

Men by the millions to shoot and win—and Money by the billions—the hundreds of thousands of millions—to make their guns, buy their uniforms, build their ships, pack their food, construct their camps, pay their salaries, fit out their planes, turn out their bullets and bombs and bayonets! Money—billions of dollars NOW to transform five, eight, twelve million clear-eyed Americans—

. . . into the mightiest, the most devastating and irresistible fighting machine the world has ever known.

Men—and Money—will crush our treacherous foes and win the war.

You—with every other loyal American—**must** do your part to keep our Army and Navy on the march, to keep every possible factory, farm and ship-yard working at top speed. You—with every other loyal Ameri-

SAFEWAY *Homemakers' Guide*

★ *Tips worth reading on menu planning* ★ *A list of foods you'll save money by checking* ★ *What one girl learned about so-called "week-end specials"*

Want to know how to save lots of time in your food shopping?

The answer to the above question is —"Plan your menus ahead of time". Planning meals in advance not only saves you time, money and trouble, it is, today, practically your patriotic duty. For today every minute must count—every meal contribute to health and morale. These few tips suggested by the Safeway Homemakers' Bureau, should help a lot in your menu planning.

Tip No. 1—Plan menus several days in advance, a whole week if possible, so you'll see your food picture as a whole. Then you can check to make sure you've included plenty of variety and a balance of foods needed for good nutrition.

Tip No. 2—For good nutrition, each day's meals should include at least a pint of milk for adults, a quart for children; an egg per person, or at least 3 to 4 eggs a week; some enriched or whole grain bread or cereal; a tomato or citrus fruit or their juices; another serving of fruit; at least two servings of vegetables besides potatoes, one preferably green, leafy, or yellow; a serving of meat, fish, chicken, or sea food; some butter or vitamin A fortified margarine; and whatever desserts and special treats you like.

Tip No. 3—Even the best food tastes better served attractively. Be sure to include in every meal a pleasing contrast of shapes, colors, and textures, as well as contrasting temperatures and flavors. A well-known nutritionist has said that if you are color-conscious and include food that's white, green, yellow, and red in each day's menus, your vitamins and minerals will take care of themselves.

Tip No. 4—Plan menus on a regular, definite day in the week, whenever's most convenient for you, and allow yourself plenty of uninterrupted time to do a really good job.

Tip No. 5—It's more fun to plan meals when you're a little hungry, and your ideas may be better then, too.

Tip No. 6—Many homemakers find it easiest to plan breakfasts for the week first, next dinners, and finally lunches or suppers. This scheme lets you check over breakfast and dinner for each day before planning the third meal, so you can make sure it completes the nutritional picture.

Tip No. 7—Decide ahead of time how to serve any leftover foods (with careful planning you won't have many) in appetizing guise.

Do your children cook well?

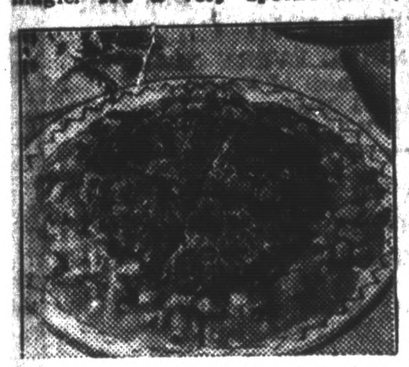
Creole Sauce *for Grilled* Chopped Steak

by Dorothy Greig

THIS is the type of dish that always delights me because it shows how a Cinderella food, like meat patties, can be transformed into a Princess dish.

In this case, the sauce works the magic. It's a very special sauce,



made of condensed tomato soup, teased with onion, garlic, pimiento and tasty pieces of ham.

Make one big meat patty, set it on a platter, surround it with this sauce and serve proudly:

Delicious Creole Sauce:

1 medium onion, diced
2 cloves garlic, chopped very finely
1 pimiento, diced
½ cup uncooked ham (cut in small dices)
2 tablespoons cooking oil or fat
1 can condensed tomato soup
¼ cup water
2 teaspoons sugar

Sauté the very finely chopped garlic, diced onions, diced ham, and diced pimiento in the cooking oil or fat 10-12 minutes until onions are soft and transparent. Then add tomato soup and water, cover and simmer ¼ hour. Add sugar just before removing from fire. Makes 1¾ cups sauce.

Grilled Chopped Steak

1½ pound ground beef
1 tablespoon parsley, chopped
1 tablespoon onion, chopped
½ teaspoon salt
Pinch of pepper

Shape into large steak or flat cakes about 1 inch thick and broil. If meat is dry turn as soon as seared and spread with butter. When finished serve with "Delicious Creole Sauce."

Serves two ravenous souls or four reducers.

CAN CONSERVE TIRES

It has been suggested that parking lot attendants can help conserve tires by more careful handling of vehicles left in their care, declares the National Automobile club in making a plea for cooperation. Racing motors and squealing brakes which formerly brought many a shudder to waiting motorists become much more serious these days of automobile and rubber shortages. Garage and parking lot attendants should, as their obligations to their customers, take care of the cars and tires left in their custody.

Too little; too late; too bad! There is still time to buy U. S. Defense Bonds and Stamps.

TOMATO DISH

For a new way to serve tomatoes try stuffing them with tuna fish topped with mayonnaise and then run under the flame of the broiler until the tomatoes are warm and the dressing puffs and browns slightly.

OLD BUS STILL NEEDS CARE

Even if a motorist is giving the old bus a rest in order to conserve tires, he shouldn't neglect to give it a regular check-up and keep it in good condition, declares the service department of the National Automobile club. A few things automobiles need every 5,000 miles to keep them in good running order include: cleaning and adjusting distributor points, cleaning the air cleaner, and cleaning and adjusting the spark plugs.
